UWINDSOR COMPUTER SCIENCE DEPARTMENT | UNDERGRADUATE RESEARCH PROJECT
Sept 2014 – Present | Windsor, ON, CA
Research under **Dr. Xiaobu Yuan** to further Software customization using Service Oriented Architectures, Service Product Line models, and reusable Ontologies.

SKILLS

PROGRAMMING
Over 5000 lines:
Java • C • C#• Bash • HTML
Over 1000 lines:
Python • Rails • CSS • PHP •
SQL • XML
Familiar:
LaTeX • Unix • iOS • .NET • Android

LANGUAGES
English and French

COURSEWORK

UNDERGRADUATE
Information Retrieval
Operating Systems
Open Source Software Engineering
Design & Analysis of Comp. Algorithms
Functional Programming
Compilers
Unix Tools and Scripting
